9:00 a.m. Mark Vavroch, Conservation Director met with board for monthly meeting.

Board discussed manure management plan received for McNulty Pork, LLC. Board placed a call to Bryan Bunton with DNR. Dawley inquired with Bunton timeline for the county to submit comments regarding the building of confinement. Bunton stated that since this application is under 1000 animal units (2,500 head) public hearings and comments from the county are not required. Dawley stated the county always likes to notify residents/land owners within a 2-mile radius of any proposed confinements and provide them an opportunity to make comments to submit to DNR. Bunton stated that with this size of confinement, if all qualifications are met, application is approved. McNulty Pork, LLC met all qualifications with DNR and application was approved on June 10, 2020. Bunton stated the county does not have any input on confinements of this size or smaller. Dawley inquired if DNR did a site visit and Bunton stated they do not perform site visits for confinements of this size. Bunton stated anyone could send comments to him and he would look at comments but the project is already approved. Doty inquired if DNR took any consideration to petitions signed by concerned citizens and Bunton stated DNR would look at it, but again, the application is already approved because all qualifications were met.

10:35 a.m. JO Parker joined the meeting. JO stated he was glad to see work on 480th Street by Lake Ponderosa.
